Executive Summary of the Meeting of the Committee of Affiliates, Associates and Members held on Wednesday 22 August 2007

The Committee agreed to draft text for a letter to be sent out to candidates on the University of Cardiff's Postgraduate Diploma in Pharmaceutical Medicine course and the University of Surrey's MSc course about Pharmaceutical Medicine Specialty Training (PMST).

The Committee also agreed to contact the British Association of Pharmaceutical Physicians (BrAPP) with a view to circulating the letter about PMST to students on the BrAPP Survival Guide course.

The Committee discussed with a trainee representative on the Faculty's Specialist Advisory Committee in Pharmaceutical Medicine (SAC-PM) ways in which the Committee could better engage with trainees undertaking Higher Medical Training (HMT) and PMST.

The Committee agreed to work on a proposal to arrange a trainees' day as an opportunity for pharmaceutical physicians undertaking specialty training to meet and share best practice.

The Committee reviewed a draft questionnaire to be sent to HMT/PMST trainees. The Committee recommended further amendments to the questionnaire before it was circulated to trainees.

The Committee agreed to discuss at its next meeting possible changes to the entry criteria for the Outstanding Contribution Award for Affiliates, Associates and Members of the Faculty of Pharmaceutical Medicine and to submit those changes to the Faculty's Board for approval. It was noted that several entries had been received for the 2007 award.

The Committee's next meeting will be on Wednesday 21 November 2007.
