People often ask
“what does
PHARMORA do?”

The answer is simple:

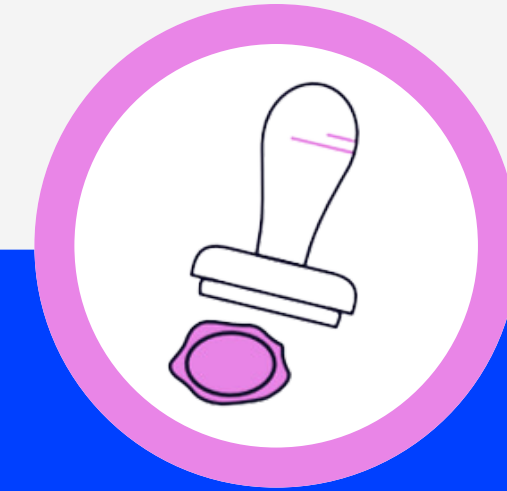

Pharmora does
everything a capable
global medical
department can do.

How can we have
such a wide range
of expertise?

Our portfolio of expertise
includes **medics** and
scientists across clinical
development, patient
safety and medical
affairs.

How do we
maintain such high
quality?

Our twofold strategy for
maintaining quality
includes:

- 1) **Internal training and mentoring**
- 2) **Quality assurance**

Why choose **PHARMORA**?

01

Medic Led

Seamless integration of our medical expertise across the whole product life cycle.

02

Trained and Based in the UK

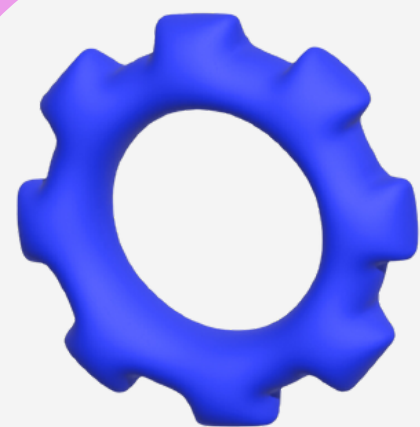

Our medical department comprises capable UK permanent staff, and a global network of experienced experts, all overseen from our UK HQ in Macclesfield.

03

Quality Without Compromise

We provide the quality you'd expect from an experienced consultant with the reliability and flexibility of an assured service provider.

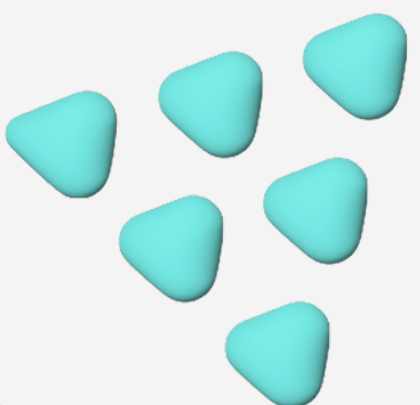

Clinical Development

Pharmora can provide **medical** and **scientific expertise** to support your clinical development projects at **all phases** and through **regulatory submission** to **approval**.

Patient Safety

Pharmora was built on a foundation of **safety expertise throughout the product life cycle**. We are experts in **benefit-risk evaluation**, specialising in **risk management**.

Medical Affairs

Pharmora can work **seamlessly** with your team to **evaluate data** and ensure documents accurately convey your **key messages**.

PHARMORA SERVICES

We can support you with:

- **Clinical trial data review**
- **Literature review**
- **Risk management plans**
- **Safety narratives**
- **Signal evaluations**
- **Submission support**
- **Promotional copy review**

and much
more...

Our values

Our foundation value is **Integrity** – We strive to be honest, fair and true to our word in all our decisions and actions. All our other values are considered to stem from **Integrity**.

Assured

We aim for the highest standard and guarantee to meet or exceed client targets.

Respect

We have due regard for our clients' and colleagues' feelings, wishes and rights.

Integrity

Diligence

We are conscientious, attentive and persistent in our work.

Get It Done

We are energetic and deliver on-time.

Boxless

We are not confined, and seek new ways to excel for our clients.

PHARMORA

Partnering with PHARMORA

We understand that one size does not fit all. Pharmora offers a bespoke service to suit your project and budget.

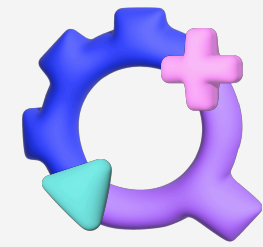

Pharmora is driven by the desire to support our clients, with the ultimate goal of improving the lives of patients.

You might enjoy reading some of our case studies ([click here](#)).

We want to **save you time and money**; create **high quality data and submissions** that **save the regulatory agency time** and **increase the probability of success**; produce accurate and helpful product information; and **ensure patient safety risks are managed** and mitigated wherever possible.
